

Monkfield Medical Practice

January 2022

Dear Patient,

RE: Registration with Monkfield Medical Practice

Thank you for your interest in registering with us. The practice boundary includes Lower, Great and Upper Cambourne only. In order to provide a safe and responsive service to our current patients, we are unable to take on anyone resident outside the practice boundary at present. This means that we are unfortunately not able to register you at this practice.

We understand that the Cambridgeshire & Peterborough Clinical Commissioning Group (CCG) is working to find a resolution to address the needs of residents within West Cambourne. Please contact with the Patient Experience Team (PET) at the CCG, who will review the position you are in and assist in finding a resolution to your needs. The contact details for this are as follows:

Free phone: 0800 2792535

Email: capccg.pet@nhs.net
