

Monkfield Medical Practice

**Salaried GP
(Partnership opportunity for those interested)**

**Come and join Monkfield Medical Practice
Cambourne, CAMBRIDGE, CB23 6HL**

Monkfield Medical Practice (MMP) is a friendly, modern, forward thinking GP surgery providing sustainable healthcare to Cambourne, which continues to grow, our current population is 12,250. You will be joining a large cohesive multi-disciplinary team of General Practitioners, Nurse Practitioners, Practice Nurses, Health Care Assistants, Phlebotomist, Management and Administrative staff, Clinical Pharmacist, Social Prescriber and First Contact Physiotherapist.

We are committed to delivering high quality care and you will be enabled to continue your personal and professional development. The clinical roles are well supported through an accessible, friendly multi-disciplinary team and a dedicated administration team.

The team at MMP have worked hard to make our day in General Practice rewarding and stimulating. We have a policy of each clinician bringing in patients they want to see face to face themselves and protecting time at the end of each surgery to do this.

We are a teaching practice taking University of Cambridge Medical Students and are in the process of becoming a training practice, too. We aspire to become research ready in the near future.
