This is a Statement of Purpose for the Monkfield Medical Practice which sets out the following information:

- The full name of the service provider and of any registered manager together with their business address, telephone number, and where available electronic mail addresses
- The legal status of the service provider
- Details of the locations at which the services provided for the purposes of the regulated activity carried on

Monkfield Medical Practice is a General Practice Partnership open to all patients living within our Practice boundary of Cambourne. Cambourne is a new town which continues to grow; currently we have a practice population of approximately 13,000. Our patient demographic mainly comprises of families with young children.

We are a Personal Medical Service (PMS) Practice offering Primary care services for the diagnosis and prevention of disease. We help patients to manage their health and prevent illness. Our team assess, diagnose, treat and manage illness. They carry out screening for some diseases and promote general health and wellbeing. Our team act as a patient's advocate, supporting and representing a patient's best interests to ensure they receive the best and most appropriate health and/or social care. Our team also provide the link to further health services and work closely with

other healthcare colleagues. They may also arrange hospital admissions and referrals to other services and specialists and they link with secondary and community services about patient care, taking advice and sharing information where needed. We work collaboratively with our PCN to meet our community's needs and we aim to be an active contributor to our community. We deliver research studies to provide the latest developments in healthcare within an ethical framework, and we provide non-NHS services to respond to demand. We provide educational opportunities to medical students and allied health professionals, and are in the process of joining the Cambridge VTS GP training scheme.

Our Mission Statement

Improving and protecting the wellbeing of Cambourne.

Core values

- Openness
- Honesty
- Fairness
- Respect
- Responsibility
- Approachability

Aim

We aim to work collaboratively to provide safe, caring and effective primary care to our patients. We will provide a supportive and positive environment for staff and patients, with encouragement to develop and contribute to our community. We aspire to continually improve our quality of care and business, contributing to the future of healthcare via research, and the environment through sustainability.

Objectives

We are a PMS practice providing primary care services to our patients. This includes:

- Services dictated by the GP contract
- Nationally or locally enhanced services
- Non-NHS services
- Health promotion activities
- Opportunities to engage with our community and collaborators
- Opportunities for staff to learn and develop
- Good financial governance and strategy
- Delivery of research in an ethical manner
- Environmentally sustainable activities
- Education for future health care professionals
- Equity of access to meet the varying needs of our patients
